A JOURNEY OF MARVELLOUS DISCOVERY

A WONDERFUL BLEND OF ART, CULTURE, HISTORY AND TRADITION

Lake Garda is renowned for its varied landscape, its excellent food and wine tradition, and its historical and cultural heritage. For these reasons, it represents the main point of interest for local activities. You will be delighted by the picturesque villages situated on the coasts and by the crystal clear water beaches. The Olive Riviera – on the eastern shore of the lake – features more than 200 varieties of olive trees. Indeed, this area has become the European northernmost cultivation zone of lemons and olives due to its very mild climate. Monte Baldo – with a height of over 2,000 metres – rises behind Lake Garda and dominates the view with its distinctive profile. This is exactly why hikers and outdoor activities lovers consider it like a terrestrial paradise. Lastly, you will have the opportunity to discover the hinterland during a relaxing stroll along the rolling hills, surrounded by precious vineyards. Veneto is an enjoyable region not only in terms of experiences, but also considering its delicious flavours. You will fall in love with its food and wine tradition. It offers countless local products, ranging from delicate freshwater seafood

cuisine to tasty mountain specialities. Besides, Lake Garda is also known for Extra Virgin Olive Oil DOP, truffles of Monte Baldo, typical mountain cheeses, white asparagus of Rivoli, and sweet chestnuts DOP San Zeno di Montagna. Not to mention the wines of Veneto, the distinctive trademark of this region that boasts a renowned wine production tradition all over the world. Don't miss the chance to enjoy a wine and local produce tasting experience and to savour an excellent glass of Custoza, Bardolino, Valpolicella or Amarone wine.

SIRMIONE, PRINCESS OF LAKE GARDA

THE PEARL THAT INSPIRED THE CATULLUS' POEMS

TOP SIGHTS: SCALIGER CASTLE | CHURCH OF SAN PIETRO IN MAVINO | GROTTA OF CATULLUS | JAMAICA BEACH

This narrow headland is a gem of art and history and was praised as the “Pearl of all islands and peninsulas” by the Latin poet Catullus. In the middle of a natural beauty you can marvel at the Scaliger Castle, considered to be among the most beautiful preserved fortresses of the Scaliger Age, and admire the archaeological area

of the Grotte di Catullo, some splendid remains of a grand Roman villa declared by UNESCO as a World Heritage Site by UNESCO.

The thermal baths of Sirmione have been attracting people since Roman times. Due to the therapeutic properties of the hot springs, they are highly appreciated and very popular.

LAZISE, CHARMING HARBOUR TOWN

A LABYRINTH OF ALLEYWAYS AND MEDIEVAL REMNANTS

TOP SIGHTS: SCALIGER CASTLE | CHURCH OF S. NICOLÒ | DOGANA VENETA | CHURCH OF SS. ZENO AND MARTINO

Lazise is the most visited destination on the Garda Riviera. Each year, millions of tourists choose it as their holiday base due to its beauty and convenient position. Close to the main amusement parks, it will impress you for its lakeside promenade and its elegant historic buildings. Lazise was the first free municipality in Italy. Its historic centre is

surrounded by ancient town walls and a Scaliger castle, which has become the symbol of Lazise. The picturesque little harbour, packed with lively cafes and shops, offers a gorgeous view of the lake and into the narrow streets full of restaurants, where you can enjoy some delicious products of the region (fish, wines and olive oil).

BARDOLINO, A DREAM COME TRUE

GREEN HILLS PLUNGING INTO TURQUOISE WATERS

TOP SIGHTS: CHURCHES OF S. SEVERO, S. ZENO, S. COLOMBANO | STONE SLAB "PREONDA" | OIL MUSEUM | WINE MUSEUM

The picturesque village in the midst of the Olive Riviera is the ideal place to enjoy the Bardolino wine, an aromatic red or rosé wine cultivated in the hills of the inland. The residential area is particularly fascinating as the buildings are arranged in a fishbone form and the streets aligned perpendicular to the shore. Ancient buildings,

paved courtyards, alleyways full of flowers, souvenir shops, ice-cream parlours and cafes give Bardolino a special charm. Cavaion Veronese, in the hilly hinterland, offers to nature lovers scenic green areas, boasting vineyards and olive groves, Romanesque churches and Venetian villas along beautiful paths for walks and excursions.

GARDA, SPLENDID GUARDIAN

EMBRACED BY THE BAY AND PROTECTED BY THE ROCCA

TOP SIGHTS: MONTE LUPPIA | PALAZZO DEI CAPITANI | BAIA DELLE SIRENE | PUNTA SAN VIGILIO

Garda is the town that has given the lake its name. It is located in a beautiful bay and has an interesting centre with ancient buildings, beautiful arches, twisty alleyways, little squares and magnificent villas. Here you are in the heart of the flourishing Olive Riviera and not far away from the inviting turquoise waters of the famous Baia delle Sirene and

the romantic Punta S. Vigilio. The hiking and cycling trails feature an impressive panoramic view dominated by the legendary Rocca. In the hilly surroundings stands Costermano, a balcony over Lake Garda. Here you can find noble palaces in a natural scenery of exceptional beauty.

LAKE GARDA, SPORT AND OUTDOOR PARADISE

Lake Garda has always been a great destination for sports lovers, who cannot only enjoy nature here but also have lots of fun! You will be spoilt for choice if you are looking for outdoor activities in the water, in the mountains or in the lowlands. The lake offers various options for wakeboarding, canoeing, diving, snorkelling and stand-up paddle boarding. Besides, water sports enthusiasts can practice windsurfing, kitesurfing and parasailing thanks to winds like Pelèr and Ora. Cyclists can enjoy numerous scenic bike paths created by “Garda by Bike”, a project that aims at connecting the entire lake via a 140-kilometre-long route in the near future. Monte Baldo is rich in exciting trails, too. It features bike paths of more than 1,000 kilometres, suitable both for families and professionals, who can even bring their bikes with the cable car to get on top of the mountain. If you want to experience an extreme adventure sport, you can paraglide down from the Baldo peaks. Furthermore, the Trentino region is one of the most popular rock-climbing destinations in Europe. The beautiful hinterland full of vineyards and olive trees offers many outdoor

activities as well, for example, the “Cammino del Bardolino” wine route, a twisty path of 80 km passing through the fascinating hills of the eastern Lake Garda shore. Moreover, the Morainic hills of the southern lake area are the perfect scenario for a horse-riding experience along the banks of the Mincio River. Talking about rivers, canyoning and rafting enthusiasts will have the chance to jump into rocky gorges or rappel down exciting waterfalls. In addition, you will find many tennis courts and golf courses surrounded by nature. On Lake Garda, there is no room for boredom.
