A JOURNEY OF MARVELLOUS DISCOVERY

A WONDERFUL BLEND OF ART, CULTURE, HISTORY AND TRADITION

Lake Garda, the largest lake in Italy, is renowned for its unspoilt beauty, works of art, architectural masterpieces, excellent food and wine as well as countless leisure activities for young and old. The Olive Riviera, the slopes of Monte Baldo, the charm of the lakeshores, the emerald green water and the gentle hills are simply beyond words.

The entire landscape creates a perfect, harmonious union with the elegance of the great historical and cultural heritage of this area. The mild climate and the warm colours of the natural scenery create a true holiday paradise that will find a firm place in your heart and soul. Welcome to Lake Garda!

On Lake Garda, nature and culture exist in perfect harmony. Small picturesque villages full of history meet long beaches where you can take a refreshing bath in crystal clear waters.

A stroll along the lakeside promenade lined with flowers will leave you breathless just as a little hike in the vineyards of the hinterland.

House walls and railings are covered with the charming bougainvilleae featuring purple flowers, which spread colour, perfume and Mediterranean flair. In fact, the climate on the lake is unique, very mild and thus favouring the northernmost cultivation area of lemons and olives in Europe.

The landscape is characterized by traditional terraced gardens, so-called *limonaie*, typical structures used as lemon groves that also serve to grow oranges, mandarins and cedars. The Olive Riviera, on the eastern shore of the lake, features more than 200 different varieties of olive trees, originally introduced by the Romans.

Behind the lake rises Monte Baldo with a height of over 2,000 metres, also known as the “Garden of Europe” due to the presence of countless endemic species. It dominates the landscape with its unique profile and it is considered a true paradise for hikers and lovers of outdoor activities.

During your holiday you can make pleasant encounters as Lake Garda is home to wild ducks, coloured grebes, graceful swans (the guardians of the Lake) and various species of fish, whereas the hilly inland is inhabited by foxes and badgers and on the top of Monte Baldo you can find even fluffy alpacas.

In the evening, when the sun goes down and the shore lights turn on, Lake Garda becomes a fascinating and evocative painting. Sitting on a terrace while sipping a delicious drink or taking a stroll along the pretty promenades, you can enjoy a magical atmosphere by the lake, which will provide you with countless unforgettable moments.

It is a region to experience and to savour as well. There is more to Lake Garda than beautiful nature and stunning sceneries. The area is a real food heaven and will conquer you with its exquisite gastronomic tradition and wine culture. It offers a wide choice of excellent regional produce ranging from delicate fish dishes to strong mountain flavours. Freshwater fish, white, red and rosé wines and extra virgin olive oil DOP are typical products but also citrus fruits, honey and peaches. Not to forget truffles from Monte Baldo, cheese from mountain huts, white asparagus from Rivoli and sweet chestnuts DOP from San Zeno di Montagna. The wines of Lake Garda are the symbol of an internationally recognized region, which has a strong tradition in wine production. From Custoza to Bardolino and from Valpolicella to Amarone, in every drop you can savour the unique characteristics of the territory and enjoy the fine taste of Lake Garda.

SIRMIONE, PRINCESS OF LAKE GARDA

THE PEARL THAT INSPIRED CATULLUS' POEMS

TOP SIGHTS: SCALIGER CASTLE | CHURCH OF SAN PIETRO IN MAVINO | GROTTA OF CATULLUS | JAMAICA BEACH

This narrow headland is a gem of art and history and was praised as the “Pearl of all islands and peninsulas” by the Latin poet Catullus. In the middle of beautiful nature you can marvel at the Scaliger Castle, considered to be among the most beautiful preserved fortresses of the Scaliger age, and admire the archaeological area

of the Grottoes of Catullus, splendid remains of a grand Roman villa, declared a World Heritage Site by UNESCO. The thermal baths of Sirmione have been attracting people since Roman times. Due to the therapeutic properties of the hot springs, they are highly appreciated to this very day.

PESCHIERA, BEAUTIFUL BASTION

FORTRESS TOWN BETWEEN RIVER AND LAKE

TOP SIGHTS: TOWN WALLS | PALAZZINA STORICA | CHURCH OF SAN MARTINO | SANTUARIO MADONNA DEL FRASSINO

“A garrison of goodly site and strong”, this is how Dante recalls the town in the Divine Comedy. Peschiera del Garda features a rich history and has been added to the UNESCO World Heritage list in 2017.

A fascinating stone and brick belt surrounds this small fortress town between the Mincio river and

the lake where architecture, art and culture merge into long beaches and morainic hills, where you can enjoy the unique white wine of this territory: the famous Lugana.

In the hinterland, rich in vineyards, there is a beautiful panoramic cycle path along the Mincio river leading from Peschiera to Mantua.

LAZISE, CHARMING HARBOUR TOWN

A LABYRINTH OF ALLEYWAYS AND MEDIEVAL REMNANTS

TOP SIGHTS: SCALIGER CASTLE | CHURCH OF S. NICOLÒ | DOGANA VENETA | CHURCH OF SS. ZENO AND MARTINO

Lazise is the most visited destination on the Garda Riviera. Each year, millions of tourists choose it as their holiday base due to its beauty and convenient position. Close to the main amusement parks, it will impress you for its lakeside promenade and its elegant historic buildings. Lazise was the first free municipality in Italy, its historic centre is

surrounded by ancient town walls and a Scaliger castle, which has become the symbol of Lazise. The picturesque little harbour, packed with lively cafes and shops, offers a gorgeous view of the lake and into the narrow streets full of restaurants, where you can enjoy delicious products from the region (fish, wines and olive oil).

BARDOLINO, A DREAM COME TRUE

GREEN HILLS PLUNGING INTO TURQUOISE WATERS

TOP SIGHTS: CHURCHES OF S. SEVERO, S. ZENO, S. COLOMBANO | STONE SLAB "PREONDA" | OIL MUSEUM | WINE MUSEUM

The picturesque village in the midst of the Olive Riviera is the ideal place to enjoy the Bardolino wine, an aromatic red or rosé wine cultivated in the hills of the inland. The residential area is particularly fascinating as the buildings are arranged in a fishbone form and the streets aligned perpendicular to the shore. Ancient buildings, paved

courtyards, alleyways full of flowers, souvenir shops, ice-cream parlours and cafes give Bardolino a special charm. For nature lovers Cavaion Veronese, in the hilly hinterland offers scenic green areas boasting vineyards and olive groves, Romanesque churches and Venetian villas along beautiful paths for walks and excursions.

GARDA, SPLENDID GUARDIAN

EMBRACED BY THE BAY AND PROTECTED BY THE ROCCA

TOP SIGHTS: MONTE LUPPIA | PALAZZO DEI CAPITANI | BAIJA DELLE SIRENE | PUNTA SAN VIGILIO

Garda is the town which gave its name to the lake. It is located in a beautiful bay and has an interesting centre with ancient buildings, beautiful arches, twisty alleyways, little squares and magnificent villas. Here you are in the heart of the flourishing Olive Riviera and not far away from the inviting turquoise waters of the famous Baia delle Sirene and

the romantic Punta S. Vigilio. The hiking and cycling trails feature an impressive panoramic view dominated by the legendary Rocca. In the hilly surroundings stands Costermano, a balcony over Lake Garda. Here you can find noble palaces in a natural scenery of exceptional beauty.

BRENZONE-MALCESINE, WHERE TIME HAS STOOD STILL

A WELL-GUARDED SECRET BETWEEN MOUNTAIN AND LAKE

TOP SIGHTS: SCALIGER CASTLE | CABLE CAR MONTE BALDO | PALAZZO DEI CAPITANI | HERMITAGE OF SS. BENIGNO AND CARO

On the shores of Lake Garda and at the foot of Monte Baldo lies Brenzone, a charming village whose scenery is characterized by centenarian olive groves, an intensely blue water colour and ancient hiking trails. A varied landscape of gently hills and slopes of Monte Baldo on one side and beautiful Lake Garda on the other. An area with lots

of opportunities to relax or practice sports that has been awarded the Bandiera Arancione seal of quality by the Touring Club Italiano. The cable car takes you from Malcesine to Monte Baldo in just 10 minutes. Back in the valley, immersed in crystal clear water, you can look at its peaks and live your holiday dream.

AN AMAZING NATURAL GYM

LAKE GARDA, SPORT AND OUTDOOR PARADISE

A true mecca for hikers, nature lovers, cyclists and lovers of outdoors. Lake Garda has always been a popular holiday destination for sport and outdoor activities.

The region offers endless possibilities to be active in the water, in the mountains or in the lowlands. It is a real open-air gym with jogging trails along the lakeshore, long walking paths in the hills and interesting hiking trails in the mountains. You can try the charming Bardolino wine route, an enchanting track of 30 kilometres through 16 municipalities on the eastern shores of Lake Garda.

This cycle path is impressive all year round due to the green of the hills on one side and the blue of the lake on the other. Mountain bikers can experience exciting trails of more than a thousand kilometres thanks to the option of loading their bikes in the cable car and climbing Monte Baldo, where many scenic paths lead through a beautiful landscape that seems untouched by time. The variety of scenery provides incredible possibilities for cycling in the countryside with routes suitable for both families and extreme bikers looking for strong emotions on breathtaking descents.

Tennis and golf players will find numerous opportunities to practice their favourite sport. Set in green oases among rolling hills, there are several golf courses for all levels overlooking the lake and giving breathtaking views.

If you count yourself among the thrill seekers and want to experience something special, you can take a paraglider from the high peaks of Monte Baldo to the depths and admire the unbeatable beauty of Lake Garda from above. The upper Trentino area is one of the most popular climbing destinations in Europe, with more than 2,000 climbing routes, excellent climbing schools and perfectly equipped walls that provide exciting experiences.

A horseback ride along marked routes will take you to the morainic hills of the southern lake, a hinterland rich in vineyards and olive groves, and to the banks of the Mincio river.

It is an ideal destination also for waterskiing, wakeboarding, parasailing, canoeing and snorkelling, not to mention the recent trend of stand up paddle boarding (SUP).

Divers can look for treasures in the deep blue waters of the lake whereas surfers can catch good waves at sunrise.

The more adventurous might try canyoning and rafting in wild torrents in the Trentino inland while adrenaline junkies will be happy to jump into rocky gorges or abseil down fantastic waterfalls. The surrounding nature leaves no room for boredom here. Come and see for yourself!

EAT WELL - GET HEALTHY

Penta Diet by Flachi

Lose weight, clean and balance the body with detoxifying and alkalising techniques while enjoying the pleasure of good food.

We achieve results through the methodologies of the so-called "Penta-Diet" by the well-known nutritionist Dottoressa Evelina Flachi.

You lose weight, reduce water retention and cellulite following a diet that includes 5 meals a day (3 main meals and 2 snacks), the daily intake of the 5 nutrients essential for your body (proteins, carbohydrates, vegetable fats, vitamins and fibres) and the "5 P" method (Primi, Pane, Polenta, Pizza, Patate - Eng. pasta/rice, bread, polenta, pizza, potatoes), to be eaten in moderation and never together during the same meal.

Ayurvedic Cuisine

A correct diet is crucial to stay healthy and to prevent diseases. Feel the benefits of Ayurvedic cuisine and enjoy dishes that stimulate your imagination and appeal to all senses while promoting good health. Without sacrificing a sophisticated gastronomic experience, our chefs show you how to deliberately use selected herbs and spices not only to flavour food, but also to increase its digestibility and thus your well-being and the success of your cure. The main goal is to re-establish the individual balance of the three *doshas* (energy patterns circulating in the body) *vata*, *pitta* and *kapha*. When our particular ratio of them is balanced, our mind, body and soul are in perfect harmony which is revealed through a sense of well-being and perfect health.

SPA & WELLNESS A JOYFUL CARESS

In busy everyday life it is difficult to pay enough attention to the body and we often leave it exposed to harmful processes of stress. The Latin poet Juvenal said that a healthy mind can exist only in a healthy body, which is described by his famous formula “mens sana, in corpore sano”, meaning that real well-being can be achieved only when body and mind are seen as a unity.

At the Hotel Cæsius, physical and mental well-being come together in a fabulous location. It is a place of endless attentions and maximum care, where harmony and relaxation meet to delight your senses. Body and mind are regenerated through a wide range of treatments that tighten the skin, boost detoxification, improve blood circulation and

neutralize free radicals. At the Thermal Centre you can benefit from the oligomineral Caesius water, which rises on the slopes of Monte Baldo and runs into our mineral water spring.

The Beauty Centre offers an exclusive selection of facials, anti-stress and anti-ageing treatments, body scrubs and many more pampering programmes to indulge yourself in. The Wellness Centre opens its doors to an oasis dedicated to relaxation, health and well-being by providing the pleasures of a Mediterranean sauna, an ice fountain, a frigidarium, a Finnish sauna, a steam bath, six emotional showers, spacious relaxation areas with juices and herbal teas, not to mention a well-equipped fitness area to stay in shape.

AYURVEDA

THE ART OF WELL-BEING

Well-being, inner balance, health, vigour, contentedness, vitality and harmony - all this can be summed up in one word: Ayurveda.

At the Hotel Cæsius Thermæ & Spa Resort you can find an Ayurvedic Medicine Center which is a true site of excellence and one of the most complete and best equipped throughout the country.

Based on a valuation of your psychophysical state we prescribe the appropriate Ayurvedic cures to balance body and mind, purify the organism and help to feel better not only physically but also mentally. Starting with an initial consultation including a pulse diagnosis we determine the dominant *dosha* (*doshas* = energy patterns) in order to develop a personalized cure based on different treatments

such as *Abhyanga* (body and head massage with herbal oils), *Shirodara* (oil flow on forehead), *Shiroabhyanga* (head massage) and many more.

A sweet immersion in an individual intensive programme of body treatments and delicious food is the best way to achieve maximum results.

Through a complete cleansing and purification cure and the use of natural elements like herbs, oils, breathing exercises, massages and selected foods, *body, mind and spirit* re-establish their harmony.

During your stay the doctor Silvano Pomari, one of the greatest connoisseurs of Ayurveda, will be at your complete disposal and teach you practices you can use at home to further improve and finally maintain a balanced well-being.

GREAT CUISINE A CULINARY LOVE STORY

Genuine and local ingredients from selected suppliers. The love for cooking begins with the attention for and connection with our territory and its best produce.

At Hotel Cæsius Thermæ & Spa Resort your palate and all your senses will be pleased by chefs and staff willing to make every single meal a fulfilling experience. Our pampering recipe is based on the clever use of selected high-quality ingredients and the practise of combining tastefulness with light cuisine. It seems to be a formula for success as the prestigious “Gambero Rosso” and “Michelin Guide” restaurant guides have included our culinary offer and restaurants among their reviews.

At the “Benacus” restaurant you can enjoy both

traditional Italian and Ayurvedic or dietetic cuisine. The “Le Vele” restaurant provides exceptional culinary experiences in the hotel garden during the summer months.

The “Lounge Bar Gazebo” offers a pleasant atmosphere to relax by the pool, while the elegant “Bar Camino” enthralls with musical entertainment, cocktails and delicious snacks in the evening.
